

Use of Images Consent

In order to comply with the General Data Protection Regulation (GDPR), the School needs your consent before taking photographs or making video recordings of your child for purposes which are not part of its core activities.

You have the option to indicate whether or not you consent to your child’s images being taken and used for different purposes. Under GDPR, students can provide their own consent from age 13.

You can add or withdraw your consent at any time by writing to the School.
